What is the Parkmerced Vision?

The Parkmerced Vision is a project aimed at revitalizing Parkmerced over the course of the next 20-25 years. Since 2006, the Vision has been developed through a collaboration with residents, neighbors, and other stakeholders. Over 550 meetings were held to determine how the Vision will best serve and represent the current and future community. This collaborative vision will transform Parkmerced into a vibrant neighborhood and a model of urban sustainability.

The Vision was approved in 2011 and will be carried out in many phases with Phases 1A and 1B expected to begin construction in 2019.

RELOCATION PROCESS: EXISTING BLOCKS 19, 34, and 37W

Parkmerced will provide multiple written notices to keep residents informed of the relocation timeline. Here is a summary of what to expect in each of the written notices.

RESIDENT PROTECTION

Parkmerced is committed to protecting residents' rent-controlled apartments for as long as they choose to live at Parkmerced.

The Parkmerced Vision involves removing and replacing all garden apartment homes within Parkmerced in phases over the next 20-25 years. Subphase 1A includes the construction of 56 replacement units for residents of To-Be-Replaced Units on existing blocks 37W, 34, and 19 (see page 6).

To protect our existing residents living at Parkmerced, prior to the replacement of any existing rent-controlled apartment, Parkmerced will provide the residents who live in a To-Be-Replaced Unit with an apartment within one of the newly constructed buildings in Parkmerced.

- New apartment homes will be rented at the same rent-controlled rate as the existing apartments prior to demolition (and be subject to rent increase limitations of the San Francisco Rent Control Ordinance).

- New apartments will be constructed prior to the replacement of existing apartments. This ensures that affected residents only need to move once into their new apartment and will not be displaced.
- Parkmerced will cover all moving expenses including packing and unpacking from residents' existing units to their brand new replacement home.

Replacement Homes will:

- be comparable in size to existing units with the same number of bedrooms and bathrooms, and in some cases more;
- be constructed with improved accessibility, making it more convenient for elderly and or disabled residents;
- include brand new, energy efficient appliances and new fixtures including dishwashers and washer/dryers; and
- be more comfortable due to better construction, including insulated walls and efficient windows.

PARKING RELOCATION PLAN

The Vision identified that the following garages and parking lots would be removed to construct new housing and/or community improvements: Arballo Circle, Felix Garage, Galindo Garage, Galindo Lots E and F, and Galindo Outdoor Lot. Parkmerced is committed to keeping residents' current parking spaces available until the parking structures and lots need to be removed for construction. Affected residents will be notified at least 60 days prior to their parking relocation:

- Felix Garage: Notification in Q4 2019, Relocation in Q1 2020
- Arballo Circle: Notification in Q4 2019, Relocation in Q1 2020
- Galindo Lot E & Outdoor Lot F: Notification in Q4 2019, Relocation in Q1 2020
- Galindo Garage: Notification in Q2 2020, Relocation in Q2 2020

Residents who park at these locations will have their spaces relocated to Higuera Garage permanently. Residents who currently park at Higuera Garage will see no change. Highlights of the Parking Relocation Plan include:

- **Guaranteed Replacement Space:** Residents affected by the Parking Relocation will be provided a replacement parking space within Higuera Garage.
- **Two Month Advance Notice:** Residents will be provided a minimum 60-day notice before Parking Relocation is to occur.
- **Reasonable Accommodations:** As space allows and on a case-by-case basis, Parkmerced will work with Residents who require reasonable accommodations to find a replacement parking space in a carport closer to their existing parking space. Reasonable Accommodation Request Forms can be downloaded from the project website, parkmercedvision.com under Outreach, or picked up from Resident Services at 1 Varela Ave during business hours.
- **Parking Rent Reduction:** Residents affected by the Parking Relocation will receive a parking rent reduction. The reduction will be calculated based on a resident's distance from their home to the relocated parking space. If a Resident currently does not pay for his or her parking space, the reduction will be deducted from their base rent.
- **Same Lease Terms:** The only change will be a new parking space address and reduced monthly parking or base rent for any additional distance that will have to be travelled. Residents will retain the same parking lease terms and same parking rent-control protections
- **Free Community Shuttle:** To improve access for Parkmerced residents, a free

ADA-accessible Community Shuttle will be launched in parallel to the Parking Relocation. (see page 5 for route info). Stops located along Cambon, Font, and Chumasero will provide convenient access for Residents relocated to Higuera Garage. In addition, the shuttle will stop throughout Parkmerced, Daly City BART Station, and Westlake Shopping Center.

The hours of operation for the shuttle are 6:30AM to 10PM Monday-Friday and 9AM to 10PM Saturdays, Sundays, and holidays. During morning and afternoon commute hours, shuttles will run every 10 minutes. During off-peak hours, the shuttle will run every 20 minutes.

- **Galindo Lots E & F, and Outdoor Lot:** Residents who currently park at the Galindo Lots E & F and Outdoor Lot will be given the option to temporarily relocate their parking space to Galindo Garage. Residents who relocate to Galindo will have to relocate a second time when Galindo Garage is deconstructed. These residents may also elect to relocate to Higuera Garage directly.

In response to valued comments and suggestions from previous resident meetings, individual meetings, and communications with residents, the following resident suggestions are being explored:

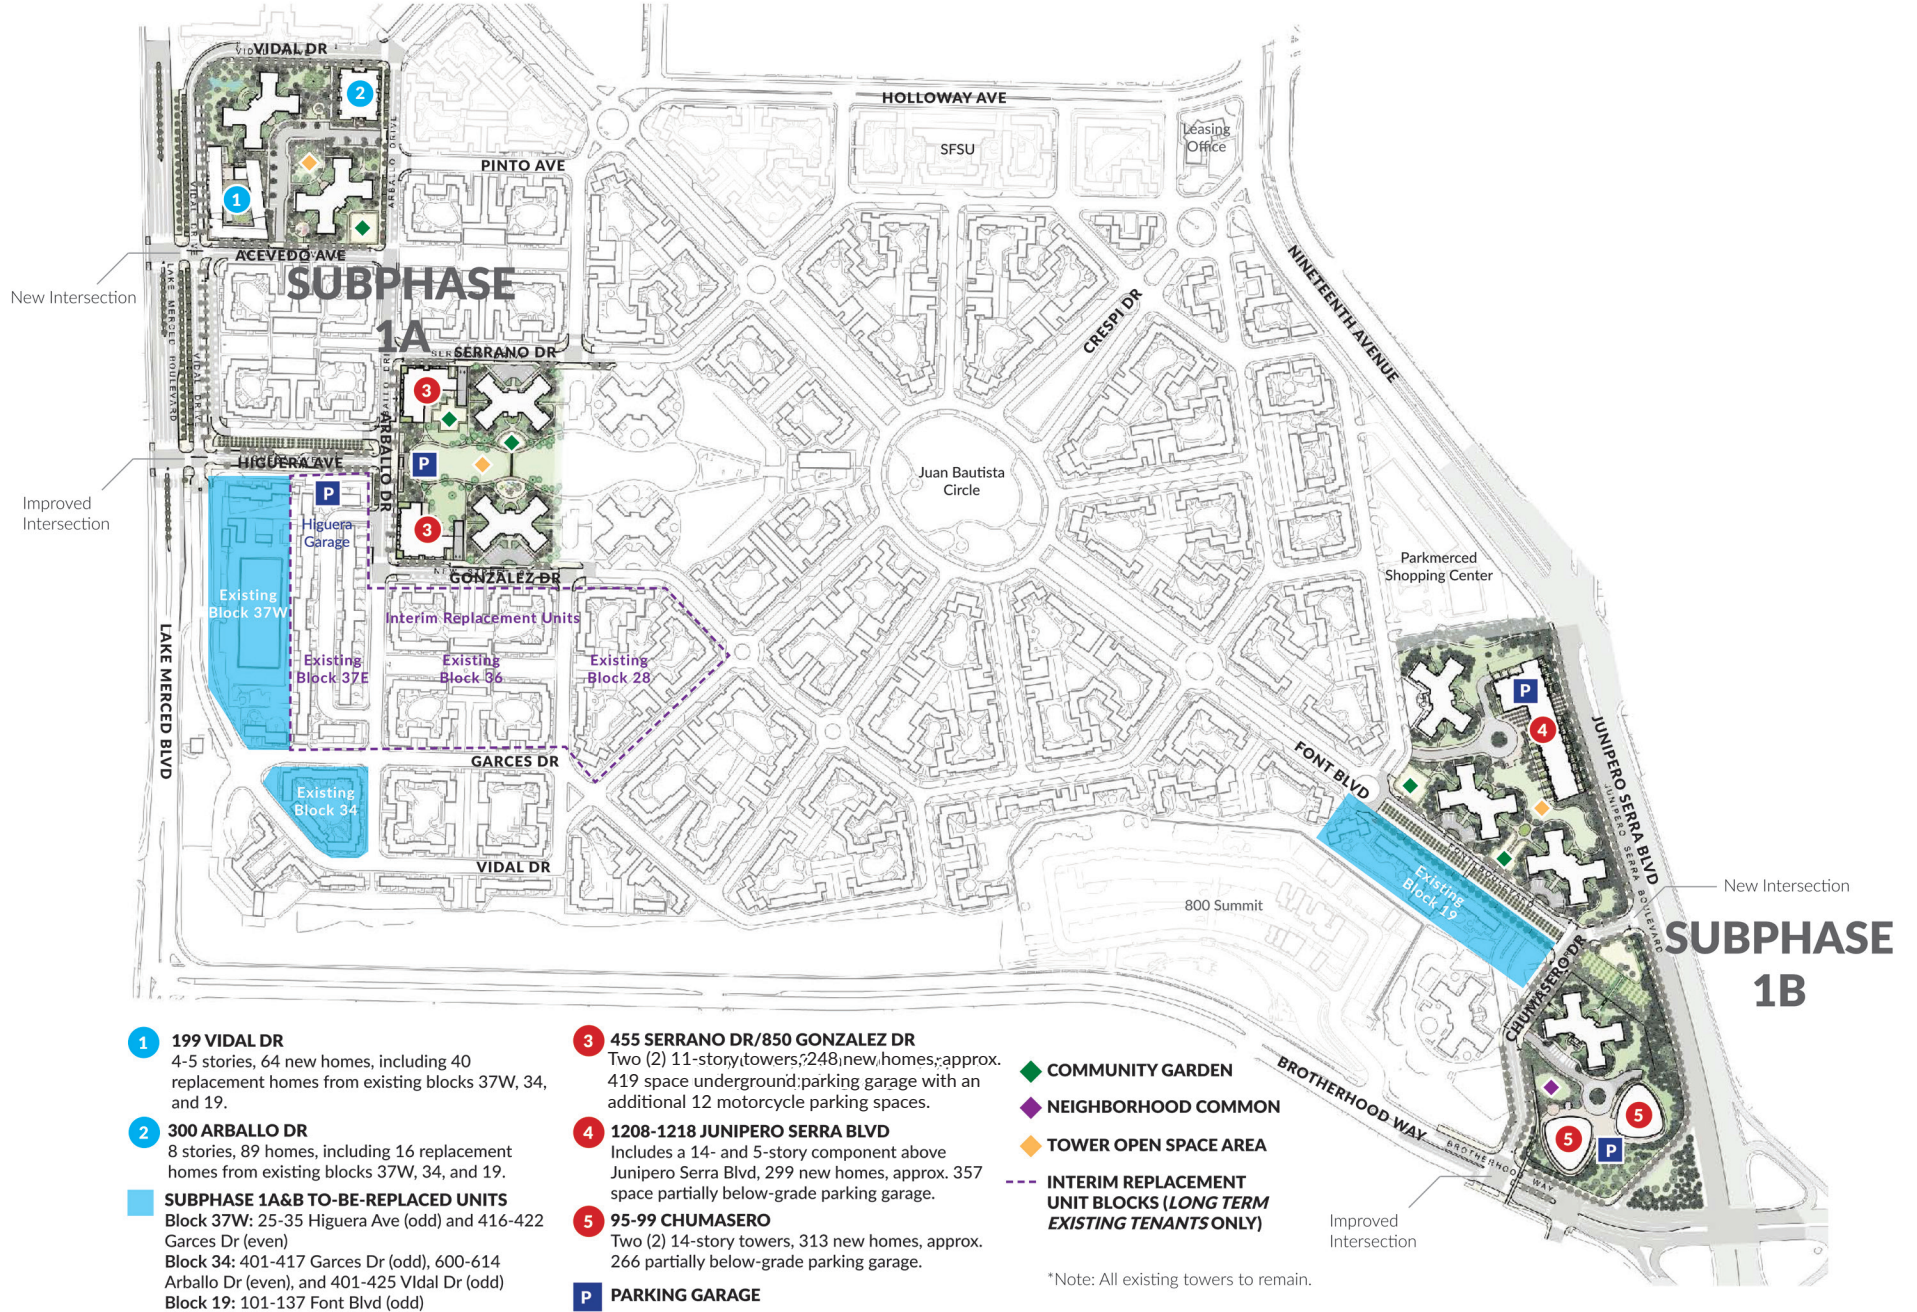

- **Supplementary On-Call Service:** Parkmerced is working to partner with an on-demand service provider to bring on-call transportation to affected residents both to and from Higuera Garage and their existing apartments during the hours which the shuttle is not in operation (10PM to 6:30AM).
- **Tower Loading Zones:** Per resident feedback Parkmerced is restriping and installing new signage at each tower loading zone. Management is also working with Community Patrol to develop a more robust enforcement program.
- **New Garages:** Once constructed, a limited number of parking spaces in the future parking garages at 1208-1218 Junipero Serra and 95-99 Chumasero may be made available for residents with Reasonable Accommodations. Residents will be notified of space availability prior to construction completion. Reasonable Accommodation Request Forms to park in the new garages are not being accepted at this time.

FREQUENTLY ASKED QUESTIONS

This section contains a collection of answers to the common questions regarding the Parkmerced Vision received from residents at community meetings or via the Vision Info hot line and email. If you have any comments, or if you have a question about the Parkmerced Vision, feel free to call 415.405.4666, email info@parkmercedvision.com, or visit the project website at parkmercedvision.com for a full list of FAQs.

Who qualifies for a replacement apartment?

All residents who live in a garden town home will be offered a replacement home at the same rent-controlled rate at some point over the project duration. Replacement Homes will be equivalent in size, include at least the same number of bedrooms and bathrooms, meet accessibility requirements, and have all new appliances and fixtures. All Replacement Apartments will include a dishwasher and washer/dryer unit. Resident will be notified at least 2 years in advance prior to relocation.

Will construction workforce be parking on site or within public streets?

The construction workforce will not be authorized to park their personal vehicles in Parkmerced-owned lots or garages. Off-site parking lots have been identified where parking will be available to construction workforce. A dedicated workforce shuttle will be provided to transport workforce from the off-site parking lots to their respective job sites.

Will the Parkmerced Community Shuttle be ADA accessible?

Yes, the fleet of vehicles selected for the Parkmerced Community Shuttle will be ADA accessible. All shuttle drivers will be trained to operate all ADA bus features and be available to assist residents as needed.

Will there be an interruption to utilities during construction?

All future utilities will be installed prior to existing utilities being taken offline. This will maximize efficiency and minimize interruption of service. For any known planned utility service interruption, residents will receive an approximately two weeks notice. In the event of an emergency shut-off, residents will be notified and updated immediately. Residents will continually be updated via notifications and via the project website.

Will the new parking garages constructed only be available for residents of the new buildings or will the spaces be made available to those impacted by the Parking Relocation?

Parkmerced has had an unbundled parking policy for nearly a decade, meaning that any resident at Parkmerced can lease a parking space in any of Parkmerced's garages or carports separate from their apartment lease. Parkmerced is currently exploring the option to allow residents who require Reasonable Accommodations and are affected by the Parking Relocation to relocate to the new parking garages once they are completed. The new garages will not be completed for several years, but residents are welcome to submit their Reasonable Accommodation request forms and Parkmerced will keep them in residents' files (see page 4).

Ryan O'Rourke

Assistant Project Manager

We are including a series to introduce the Parkmerced community to the team behind the scenes of the Vision Plan. Ryan is responsible for assisting with the implementation and successful completion of Phase 1B, Block 20.

- Born in La Jolla and raised in Encinitas—California is home. From boogie boarding to endless games of volleyball to surfing, my childhood always seemed to revolve around the beach. Any chance I get to head south back home means spending time with family back on the beach where so many memories were made.

- Growing up, I was always playing with LEGOs. Whether I was following the directions page-by-page to construct the latest LEGO set or creating my own communities where each character played their part and had some sweet gadget or high-flying contraption, it was all about taking smaller, individual pieces and matching each one with another piece in order to build something great. I like to think I am still doing that to this day—whether big or small, each piece plays an important role.

- Following in the footsteps of three generations of family, I graduated from the University of California, Berkeley where I studied Architecture. I jumped at every opportunity to be an active participant within the greater Cal community. From going to most

of the sporting events to checking out each of the twenty-five libraries scattered across campus—Cal will always have a special place in my heart. Go Bears!

- Being able to contribute to a one-of-a-kind community like Parkmerced has been a dream of mine for a long time. It is a privilege to learn and understand the history behind this unique community and then be given the responsibility to ensure the values and principles shine through in the end-product. Parkmerced embodies a tradition of community, and I am proud to be a part of something like that.

- I love all things related to endurance sports and spending time with my family. Whether it is running, swimming, cycling, climbing, mountaineering, etc.—I am all about it. The power of the mind to outlast the body is incredible and I enjoy pushing the boundaries of what I can accomplish. The ideal weekend is spent with my wife and 2-year old golden retriever hanging out at the park and window shopping through all the different neighborhoods of the city we call home.

UPCOMING SCHOLARSHIP AND INTERNSHIP OPPORTUNITIES

The Spring 2019 Robert L. Pender Memorial Scholarship application review period is currently open! For information on how to apply and application requirements, please visit <https://parkmercedvision.com/whole-living/outreach/>. The deadline for application consideration is June 10, 2019.

The application for the Vision Internship program is available to view online. at parkmercedvision.com. For additional information, email opportunities@parkmercedvision.com or call 415.405.4666.

OUR NEXT RESIDENT MEETING

Our next Resident Meeting will be held in the Fall. We will be sharing updates on the Parkmerced Vision Plan, Parking Relocation, and future construction. We look forward to seeing you then!

COMMUNITY UPDATES

We have brought on board a **Community Outreach team**. These team members will be active participants in our community and a dedicated resource to our residents. Be sure to say hello!

New outdoor lighting has been placed in the carports and courtyards, and we are in the final phase of installing new energy saving LED lights on each apartment entrance. These new lights will have a much longer life, and will turn on automatically in the evening and off at dawn.
